Tax calculation summary notes

6 April 2023 to 5 April 2024

These notes contain a working sheet to help you complete the 'Tax calculation summary' pages. But you will not be able to use the working sheet if you have entries in:

- box 20 on page TR 3 of your 2023 to 2024 tax return
- box 13 on page Ai 1 of the 'Additional information' pages
- box 1 in the 'Income Tax losses' section on page Ai 3 of the 'Additional information' pages
- box 2, 19 or 23 of the 'Trusts etc' pages
- box 28 of the 'Residence, remittance basis etc' pages
- box 5, 6 or 40 of the 'Foreign' pages, if the figure in the relevant box relates to withholding tax deducted under the UK/Swiss Tax Cooperation Agreement that is deemed to clear your UK tax liability on the relevant income or gains

In these circumstances, either we or your tax adviser may do the calculation for you. If you want us to do the calculation, please make sure your paper tax return reaches us by **31 October 2024** or that you file online by **31 January 2025**. For more help, go to www.gov.uk/file-your-self-assessment-tax-return

Contents

Section 1: Add together non-savings income and lump sum payments	TCSN 4 and TCSN 5
Section 2: Add together savings income (excluding dividends)	TCSN 6
Section 3: Add together dividends, and gains on life policies with tax treated as paid	TCSN 7 and TCSN 8
Section 3a: Status	TCSN 8
Section 4: Calculate total allowances and deductions	TCSN 9 to TCSN 11
Section 5: Calculate taxable income	TCSN 12
Section 6: Allocate income to tax bands	TCSN 13 and TCSN 14
Section 7: Calculate Income Tax due	TCSN 15 and TCSN 16
Section 8: Calculate Income Tax due after allowances and reliefs	TCSN 17 and TCSN 18
Section 9: Calculate tax due after Gift Aid payments and tax credits on dividends	TCSN 19 and TCSN 20
Section 10: Calculate tax taken off	TCSN 21 and TCSN 22
Section 11: Calculate the amount of tax due for the 2023 to 2024 tax year	TCSN 23 and TCSN 24
Section 12: Calculate the amount to pay by 31 January 2025	TCSN 25 to TCSN 27
Confirmation of where boxes on this working sheet go to on the 'Tax calculation summary' pages'	TCSN 28 and TCSN 29

Other parts of the working sheet

Section 13: Calculate Personal Allowance due if your income is more than £100,000	TCSN 30
Section 14: Calculate age-related Married Couple's Allowance due	TCSN 31 to TCSN 33
Section 15: Calculate Class 2 and Class 4 NICs due	TCSN 34 to TCSN 36
Section 16: Calculate Top Slicing Relief	TCSN 37 to TCSN 41
Section 17: Calculate Deficiency Relief	TCSN 42
Section 18: Calculate Capital Gains Tax due	TCSN 43 to TCSN 45
Section 19: Calculate tax due on State Pension paid as a lump sum	TCSN 46
Section 20: Calculate tax due on Child Benefit payments	TCSN 47
Section 21: Calculate Student Loan and Postgraduate Loan repayments	TCSN 48 to TCSN 51
Calculate relief for finance costs	TCSN 52

Completing the tax calculation working sheet

The working sheet is made up of 12 main sections but you will not have to complete every box in every section. However, to get to the right answer, please work through each section carefully.

Depending on your personal circumstances, you may also have to complete some additional sections. You will be directed to these sections, if appropriate, within the working sheet.

You will have to copy figures from your tax return, including supplementary pages you have completed and some figures within the working sheet, just follow the instructions on the page. Finally, you will be asked to copy figures from the working sheet on to the 'Tax calculation summary' pages.

Different types of income (and capital gains) are charged at different rates of tax. They're charged to tax in the order shown below (non-savings income first).					
Type of income	Taxable income/tax band				
For Scottish residents, the Scottish rates and thresholds apply to non-savings and taxable lump sum income. The UK rates and thresholds apply to savings and dividends income.	First £125,140 of taxable income				Remaining taxable income
	First £2,162	next £10,956	next £17,974	next £94,048	
	19%	20%	21%	42%	47%
	First £37,700			next £87,440	Remaining taxable income
	First £5,000	next £32,700			
UK non-savings income, for example, income from employment, self-employment or property income.		20%	20%	40%	45%
Savings income includes bank and building society interest, and gains made on life insurance policies (without a 'notional' tax credit)		0%	20%	40%	45%
Savings income nil rate – first £1,000 or £500 or £0		0%	0%	0%	0%
Dividend Income – first £1,000		0%	0%	0%	0%
Dividends		8.75%	8.75%	33.75%	39.35%
Taxable lump sum payments		20%	20%	40%	45%
Gains on life insurance policies with a 'notional' tax credit **Only where some £5,000 savings starting rate band is available		0%	20%	40%	45%

*If taxable non-savings income is less than £5,000, the balance can be set against savings. Savings income, up to this balance, is charged at the savings starting rate band of 0%.

The amount of an individual's savings allowance for a tax year which may be £1,000, £500 or nil is with reference to whether they have any higher rate or additional rate income in the year. Income Tax is charged at the savings nil rate (rather than the basic, higher or additional rate).

Where an individual receives dividend income that would otherwise be chargeable at the dividend ordinary, upper or additional rate, and the income is less than or equal to £1,000, the dividend nil rate will apply to all of the dividend income. Where the dividend income is above £1,000, the lowest part of the dividend income will be chargeable at 0%, and anything received above £1,000 is taxed at the rate that would apply to that amount if the dividend nil rate did not exist.

The figure of £10,956 or £37,700 and £125,140 can be increased if you pay tax at the higher rate of 33.75%, 40% or more and make personal pension contributions and/or Gift Aid payments.

The rates of Capital Gains Tax are:	
• gains that qualify for Business Asset Disposal and/or Investors Reliefs	10%
• residential property and carried interest	
• charged below the higher rate threshold*	18%
• charged above the higher rate threshold*	28%
• other gains	
• charged below the higher rate threshold*	10%
• charged above the higher rate threshold*	20%
*Any balance of the higher rate threshold (£37,700) that has not been used by income can be set against capital gains.	

If you have been affected by Basis Period Reform, and you have a transition profit after losses brought forward, then the tax due on the transition profit is added to your Income Tax as a separate charge. To calculate the charge you will need to work through the Tax Calculation Working Sheet twice, first to box A240 with the transition profit (after losses brought forward) included in box A43, and secondly the Working Sheet again but without the transition profit included in box A43 (do not overwrite the amount entered in box A240).

Section 1: Add together non-savings income and lump sum payments

If any box on this page is a minus figure, substitute zero.

Note for box A86 if you are affected by Basis Period Reform and need to use Helpsheet 204 'Limit on Income Tax Reliefs' where the helpsheet tells you to use box A86, add to it the totals of boxes 16.3 + 16.4 from the 'Partnership (full)' pages and boxes 73.3 + 73.4 from the 'Self-employment (full)' pages.

Section 3a: Status

If any box on this page is a minus figure, substitute zero.

For Scottish residents the Scottish rates and thresholds apply to non-savings and non-dividend income and the UK rates and thresholds apply to savings and dividends income.

If you're a Scottish customer:

- enter 'Scottish' in S1, otherwise leave blank
- enter £2,162 in S2, otherwise enter zero
- enter £10,956 in S3, otherwise enter £37,700
- enter £17,974 in S4, otherwise enter zero

If you're a Scottish customer enter £94,048 in S5, otherwise enter £87,440

If you're a non-UK resident you're not a Scottish customer. To be a Scottish customer a person must first be a UK resident for tax purposes.

Rate bands

The Scottish rate band applies to non-savings income only, for example, employment income, or self-employment

	status	starter rate band	basic rate band	intermediate rate band			
S1	<input type="text"/>	S2	<input type="text"/>	S3	<input type="text"/>	S4	<input type="text"/>
		BR band (£37,700) minus (S2 + S3 + S4)	higher rate band	additional rate band			
S3a	<input type="text"/>	S5	<input type="text"/>	S6	£125,140

Election to reduce personal allowance (Marriage Allowance transfer)

Marriage Allowance transferred out (£1,260)		A129	<input type="text"/>	
				(A114 + A128) minus A129
Total deductions and allowances		A130	<input type="text"/>	
				A81 minus A130
Total taxable income		A131	<input type="text"/>	

Election to reduce personal allowance or entitlement to receive a tax reduction (Marriage Allowance transfer)

Calculate if, after the personal allowance is reduced or tax reduction received, you're liable to tax at a rate other than the basic rate, the Scottish basic rate, the dividend nil rate, the savings nil rate, the dividend ordinary rate or the starting rate for savings. Where you are liable to tax at the dividend nil rate, and if the dividend nil rate were omitted would you be liable to tax at the dividend upper rate or additional rate? If 'Yes', the transfer is invalid. Where you are liable to tax at the savings nil rate, the savings nil rate applies.

(A43 + A44) minus A130	A130 minus (A43 + A44)	SR band (£5,000) minus A131a	lower of A64 and A131b1	lower of (A64 minus A131b2) and PSA HR (£500)

If A137 is more than 0 then A138 = £0. If A135 is more than 0 then A138 = £500. If not, A138 = £1,000.

Personal savings allowance	A138 <input type="text"/>
----------------------------	---------------------------

Section 5: Calculate taxable income

If any box on this page is a minus figure, substitute zero.

It may be more beneficial for some customers to now have (some of) their deductions and allowances from box A130 allocated against dividend income before savings income, the Savings income etc is at boxes A145 to A147 and at boxes A160 to A162. If it's more beneficial to move reliefs and allowances to dividends in the higher rate range to increase tax at the basic rate but reduce tax at the higher dividend rate this working sheet may not give the correct answer. Overwrite the amounts in the middle column to deduct the reliefs and allowances in the way which will result in the greatest reduction in your liability to Income Tax.

If you think it may be more beneficial to order reliefs and allowances differently you may want to either file your tax return online, let us do your calculation for you or speak to your tax advisor.

Section 6: Allocate income to tax bands

If any box on this page is a minus figure, substitute zero.

The first £5,000 of savings income is taxed at 0%; but only if non-savings and savings income is less than £17,570 (the personal allowance – £12,570 plus the savings starting rate band of £5,000).

Savings income in excess of the savings starting rate band, up to the lower of the amount of the excess or the individual's savings allowance, is charged at the savings nil rate.

Section 9: Calculate tax due after Gift Aid payments

If any box on this page is a minus figure, substitute zero.

Box A268
is not in use

Gift Aid payments

If you've made Gift Aid payments you must pay Income Tax, at whatever rate, or Capital Gains Tax, at least equal to the basic rate Income Tax treated as having been deducted. The charity receiving payments from you can reclaim that Income Tax from us. We must make sure you pay sufficient tax to 'cover' the tax repaid to the charity. If you've not paid enough it may be necessary to restrict your personal allowances so more income is charged to tax or we may ask you to pay more. Boxes A269 to A275 compare the tax charged on your income with the tax treated as deducted from your Gift Aid payments.

Do not include pence in boxes A269 and A270. Round down the figure in each of these boxes to the nearest whole pound.

If you have to pay tax under PAYE, we try to make your tax code match your circumstances so you pay the right amount of tax during the year. But your 2023 to 2024 tax code may have been adjusted to collect tax you owe for earlier years. Look at your 2023 to 2024 PAYE Coding Notice. If we have made such an adjustment, it will include an 'amount of underpaid tax for earlier years'. Copy that figure into box A332.

Underpaid tax for earlier years included in your 2023 to 2024 tax code

box 1
A345

There may be an adjustment needed to increase your tax for 2023 to 2024 because you're claiming averaging for farmers and creators of literary or artistic work, or you're claiming to pay tax on your post-cessation receipts by reference to the year your business ceased.

Calculate the difference between the actual liability for the earlier year and the liability that would have arisen for the earlier year if the averaged profit or post-cessation receipts had been included in the return for that year. The adjustment relates to 2023 to 2024 even though it is calculated by reference to the circumstances of the earlier year. If you need help, ask us or your tax adviser. Enter the amount in box A346.

Increase in tax from adjustment
to earlier years

A347
This box can be negative

There may be an adjustment needed to decrease your tax for 2023 to 2024, calculated by reference to an earlier year, because you're claiming loss relief calculated by reference to your income or capital gains for an earlier year or years, or you're claiming averaging for farmers and creators of literary or artistic work.

Do not include losses for which you have previously claimed relief. Calculate the difference between the actual liability for the earlier year and the liability that would have arisen for the earlier year if the loss, averaged profits or pension payments had been included in the return for that year. Enter the amount in box A348. If you need help, ask us or your tax adviser.

Decrease in tax from adjustment
to earlier years
A348
Copy box A348 to 'Tax calculation summary' pages box 15

If you want to claim tax relief now for a 2024 to 2025 income loss, or certain 2024 to 2025 capital losses, by reference to an earlier year, for example, 2023 to 2024 (often called 'carrying back' a loss), you should have provided full details of your claim in the 'Additional information' box, box 19 on page TR 7 of your tax return. You will also need to complete boxes 3, 4 and 5 on the Additional information page Ai3.

After calculating 2023 to 2024 liability recalculate it by adjusting the losses carried forward and losses set against other income boxes to reduce your profit and other income by the amount of the loss carried back, and note the new liability. The difference between the new liability and your original figure from boxes A343 or A343a is the amount of your tax relief for the 2024 to 2025 loss and you should enter it in box A349. When we receive your tax return a credit for this amount will be set against the total tax due for 2023 to 2024. In some cases where we enquire into your claim, any credit may not be available before the closure of the enquiry. You may want to use these losses in an earlier year. If so, you will need to recalculate that year's liability before completing 'Additional information' page Ai3 and box A349. If you need help, ask us or your tax adviser.

Next year's repayment
claimed now

A358

A356 x 50%

A359

Amount of each payment on account

Claim to reduce payments on account

You may want to reduce your payments on account for 2024 to 2025 (including reducing to nil) if you expect:

- your 2024 to 2025 income to be lower than 2023 to 2024
- your allowances or reliefs to be higher
- more of your 2024 to 2025 income will be taxed at source, because
 - it will be taxed under PAYE
 - it will be covered by subcontractor deductions
 - you'll have more savings income

If you do want to reduce your payments on account, you must make a reasonable estimate of the difference between the Income Tax you expect to pay in 2024 to 2025 and your Income Tax on this return. You can reduce each of your payments by half this difference.

In box 11 of the 'Tax calculation summary' pages enter the amount of each reduced payment on account (including the pence), or nil, if appropriate, and put 'X' in box 10. Give your reason for reducing your payments in box 17. If you decide later that your reduced payments are still too high, write to us saying why you're claiming to reduce again. Make sure the payments you make by 31 January 2025 and 31 July 2025 will add up to your best estimate of your tax bill for 2024 to 2025.

If your 2 payments on account turn out to be different from your 2023 to 2024 tax bill and if you've paid:

- more than you needed to, we'll credit you with interest
- less than you needed to, we'll charge you interest

Your 2 payments on account should be the lower of the actual Income Tax and Class 4 NICs due (net of tax deducted at source and tax credits on dividends) for 2023 to 2024 or 2024 to 2025. If you've been careless or fraudulent in claiming to reduce your payments on account, we may charge you a penalty.

If you decide later that you've reduced too much, you can revise your claim upwards and/or pay more in line with your revised estimate. But if you do not make a claim, we may allocate additional amounts paid to other outstanding liabilities.

Amount of reduced payments on account

Copy box A360 to 'Tax calculation summary' pages box 11, and complete 'Tax calculation summary' pages box 10

lower of
A359 and A360

A361

The amount due by 31 January 2025

If box A362 is positive, this is the tax you owe.

If box A362 is negative, this is the tax we owe you.

A355 + A361

A362

This box can be negative

Please note that if you make any payment towards your 2023 to 2024 tax bill between now and 31 January 2025, and that payment is not included in box A350 or A351, reduce the figure in box A362 by the amount of that payment. If 2023 to 2024 payments on account were not paid by their due dates (31 January 2024 and 31 July 2024), interest may also be due.

Confirmation of where boxes on this working sheet go to on the 'Tax calculation summary' pages

- 1 **Total tax, Student Loan repayment and Class 4 NICs due before any payments on account**
If the result of your calculation is that you owe tax (there is a figure in box A343), copy the figure from box A343 to box 1 on the 'Tax calculation summary' pages.
- 2 **Total tax, Student Loan repayment and Class 4 NICs overpaid**
If the result of your calculation is that you overpaid tax (there is a figure in box A343a), copy the figure from box A343a to box 2 on the 'Tax calculation summary' pages.
- 3 **Student Loan repayment due**
If you completed the Income Contingent Loan notification box (Loan repayments box 1 on page TR 5 of your tax return), copy the figure from box A333 to box 3 on the 'Tax calculation summary' pages. Do not include pence in this box; round down the amount to the nearest whole pound.
- 3.1 **Postgraduate Loan repayment due**
If you completed the Income Contingent Loan notification box (Loan repayments box 1 on page TR 5 of your tax return), copy the figure from box A334 to box 3.1 on the 'Tax calculation summary' pages. Do not include pence in this box; round down the amount to the nearest whole pound.
- 4 **Class 4 NICs due**
If you're self-employed, in a business partnership or are a Lloyd's underwriter you may have to pay Class 4 NICs. Copy the figure from box A329 to box 4 on the 'Tax calculation summary' pages.
- 4.1 **Class 2 NICs due**
If you're self-employed, in a business partnership or are a Lloyd's underwriter you may have to pay Class 2 NICs. Copy the figure from box A330 to box 4.1 on the 'Tax calculation summary' pages.
- 5 **Capital Gains Tax due**
If you completed the 'Capital Gains Tax summary' pages, copy the figure from box A341 to box 5 on the 'Tax calculation summary' pages.
- 6 **Pension charges due**
If you completed the working sheet in Helpsheet 345, 'Pensions savings - tax charges', copy the figure from box A275 to box 6 on the 'Tax calculation summary' pages.
- 7 **Underpaid tax for earlier years included in your tax code for 2023 to 2024**
If you pay tax under PAYE and your 2023 to 2024 PAYE Coding Notice has an entry for 'amount of underpaid tax for earlier years', copy the figure from box A332 to box 7 on the 'Tax calculation summary' pages.
- 8 **Underpaid tax for 2023 to 2024 included in your tax code for 2024 to 2025**
If you pay tax under PAYE and we reduced your tax code in 2023 to 2024 and you asked for any unpaid tax to be collected through your tax code for 2024 to 2025, copy the figure from box A338 to box 8 on the 'Tax calculation summary' pages.
- 9 **Outstanding debt included in your tax code for 2023 to 2024**
If you pay tax under PAYE and your 2023 to 2024 PAYE Coding Notice has an entry for an 'outstanding debt' for an earlier year, copy the figure from the tax code to box 9 on the 'Tax calculation summary' pages.

- 10 **If you're claiming to reduce your 2024 to 2025 payments on account**
Put 'X' in box 10 if you're making a claim to reduce payments on account and give the reason for the reduction in box 17. You can be charged interest and penalties if you reduce your payments on account by too much. Please read the notes on page TCSN 26.
- 11 **Your first payment on account for 2024 to 2025**
If you're claiming to reduce your 2024 to 2025 payments on account, copy the figure from box A360 to box 11 on the 'Tax calculation summary' pages.
- 12 **Blind person's surplus allowance you can have, and the amount of married couple's surplus and allowance you can have.**
- 13 If your spouse or civil partner did not have enough income in the year ended 5 April 2024 to use any or all of their Married Couple's Allowance or Blind Person's Allowance (if due), you can ask for the surplus to be transferred to you. If you're unsure whether you can get surplus allowances from your spouse or civil partner, ask us or your tax adviser.

If you've agreed an amount that can be transferred enter any blind person's surplus allowance in box 12, and married couple's surplus allowance in box 13 on the 'Tax calculation summary' pages.
- 14 If the amount of tax due for 2023 to 2024 is affected by adjustments to other tax years, read the notes on page TCSN 24.
- 16
- copy the figure from box A346 to box 14
 - copy the figure from box A348 to box 15
 - copy the figure from box A349 to box 16

If you need to fill in any of the boxes on pages TCSN 30 to TCSN 52, the working sheet on the preceding pages should already have directed you to them.

Briefly, the next few pages cover:

- age-related Personal Allowance and Married Couple's Allowance
- working out Class 4 National Insurance contributions
- Top Slicing Relief if any gains on life policies have made you liable to the higher rate
- working out Capital Gains Tax
- working out the tax charge on Child Benefit
- working out Student Loan and Postgraduate Loan repayments

Section 13: Calculate Personal Allowance due if your income is more than £100,000

If any box on this page is a minus figure, substitute zero.

Section 15: Calculate Class 2 and Class 4 National Insurance contributions (NICs) due

Everyone over the age of 16, and under the State Pension age must, if they are self-employed (or in a partnership), and have profits above £12,570 for 2023 to 2024, pay Class 2 contributions each week. If their profits are below £6,725 they can elect to pay voluntarily.

Customers with profits between £6,725 and £12,570 will not need to pay anything and their Class 2 contributions will be treated as paid to protect their entitlement to contributory benefits.

You must be registered as self-employed to pay Class 2 NICs or pay voluntarily. These contributions count towards any contributory benefits you may want to claim. If you're registered for Self Assessment but not as self-employed, go to www.gov.uk/register-for-self-assessment/self-assessment/self-employed

Class 4 National Insurance contributions

Complete this section if you completed the 'Self-employment (short)' pages, 'Self-employment (full)' pages, 'Lloyd's underwriters' pages, 'Partnership (short)' pages or 'Partnership (full)' pages. If any box on this page is a minus figure, substitute zero.

'Self-employment (short)' pages	box 31	D1	<input type="text"/>	
'Self-employment (full)' pages	box 76	D2	<input type="text"/>

		D15	<input type="text"/>	
				D13 minus D14
		D16	<input type="text"/>	
				D16 x 2%
		D17	<input type="text"/>	
				D15 + D17
Class 4 NICs due		D18	<input type="text"/>	

Copy to box A329 on page TCSN 23

If any box on this page is a minus figure, substitute zero, unless otherwise stated.

If you have paid Class 1 National Insurance complete the R100 calculation overleaf.
If the amount of Class 4 due in D32 is less than the amount in box D18 copy the figure to D18.

Class 2 NICs

You pay Class 2 contributions if you're self-employed. Class 2 contributions are £3.45 a week, or £4.10 for share fishermen, for 2023 to 2024. If your profits (D12) are below £6,725 for 2023 to 2024, you can elect to pay Class 2 NICs voluntarily.

If your profits are between £6,725 and £12,570 then D19 = 0

D19

Class 4 calculation following Regulation 100, SS(C)R 2001

So that a person with earnings from both an employment and self-employment does not pay considerably more National Insurance than a person who has a similar level of earnings but from only one employment, the Class 4 NICs payable is sometimes restricted.

NIM24175 sets out the calculation method for determining the maximum amount of Class 4 NICs.

Depending upon the level of a contributor's profits and the amount of Class 1 and 2 NICs paid, the maximum amount of Class 4 NICs due will vary. All contributors who are liable to pay both Class 1 and Class 4 NICs will be required to pay either:

- Class 4 NICs at the main Class 4 NICs percentage only
- a mixture of Class 4 NICs at the main Class 4 NICs percentage and the additional Class 4 NICs percentage
- Class 4 NICs at the additional Class 4 NICs percentage only

Profit on which Class 4 NICs is due

from D13
D20

Enter earnings subject to Class 1 NICs from all employments,
column 1c from P60 (earnings from PT to UAP) +
column 1d from P60 (earnings from UAP to UEL)

D21

Earnings from PT to UEL at primary percentage

D21 x 11.5%
D22

Step 1 and step 2

Subtract the Lower Profits Limit (£12,570) from
the Upper Profits Limit (£50,270) for the year.
Multiply the result by 9%. This is £3,393.00.

D23 **£3,393.00**

Step 3

Add to the result of step 2, 53 weeks Class 2 NICs at the rate in force for the year,
usually £182.85. For share fishermen it will be £217.30.

D24

D23 + D24
D25

Step 4

Subtract from the result of step 3 the total amount of any Class 2 NICs and any
Class 1 NICs at the main primary percentage that the contributor has paid.

D25 minus (D19 + D22)
D26

If the result of step 4 (D26) is equal to or greater than 0 (zero) and exceeds the aggregate of:

- primary Class 1 NICs payable at the main percentage (D22)
- Class 2 NICs (D19)
- Class 4 NICs payable at the main Class 4 NICs percentage that you would have paid if no maximum existed (D13 x 9%)

the result of this step is the maximum amount of Class 4 NICs that you're liable to pay. There's no need to proceed to any further steps.

If D26 is lower than D18 copy D26 to D18, if not, retain the lower figure in D18.

If the above does not apply complete steps 5 to 9.

Step 5

Multiply the result of step 4 by 9%

D26 x 9%

D27	<input type="text"/>
-----	----------------------

Step 6

Subtract the lower profits limit from the lesser of the upper profits limit and the contributor's actual amount of profits for the year

lower of (D12 or £50,270)
minus (£12,570)

D28	<input type="text"/>
-----	----------------------

This box can be negative

Step 7

Subtract the result of step 5 from the result of step 6.
If the result of this is a negative value it is treated as nil

D28 minus D27

D29	<input type="text"/>
-----	----------------------

Step 8

Multiply the result of step 7 by 2%

D29 x 2%

D30	<input type="text"/>
-----	----------------------

Step 9

Multiply the amount by which the profits and gains for the year exceed the upper profits limit by 2%

(D12 minus £50,270) x 2%

D31	<input type="text"/>
-----	----------------------

The maximum amount of Class 4 NICs payable is the aggregate of steps 4, 8 and 9.
If D32 is lower than D18 copy D32 to D18

D26 + D30 + D31

D32	<input type="text"/>
-----	----------------------

Section 16: Calculate Top Slicing Relief

Complete this section if you have gains from life policies.

If any box on this page is a minus figure, substitute zero.

Total income			E1	<input type="text"/>	from A81
Lump sum payments	E2	<input type="text"/>			from A44
'UK property' pages	E3	<input type="text"/>	E4	<input type="text"/>	E2 + E3
			E5	<input type="text"/>	E1 minus E4
Total allowances and deductions	E6	<input type="text"/>			from A130
